NO DISORDERS IN SECOND ATTEMPT PETROGRAD; CHIEF IS WELL GUARDED

Only Soldiers In Street Indicate the Abnormal Situation

BALTIC SAILORS GUARD KERENSKY'S CORRIDOR

High Military Officials Arrested As Traitors to Government

(ASSOCIATED PRESS TELEGRAM) London, Sept. 12.—The Petrograd correspondent of Reuters Limited telegraphing on Tuesday at midnight says that the capital remains calm, the population awaiting events and only the display of armed forces in the streets indicates an abnormal situation. Government Commissioner Philonko at the headquarters of the commander-in-chief, who was arrested by General Korniloff, has been released and has returned to Petrograd. Legal proceedings, the dispatch says, have been begun against General Korniloff. Minister of Agriculture Tchernoff has resigned in order not to create difficulties for Premier Kerensky on his account. The garrison at Kronstadt has placed itself at the disposal of the Petrograd delegates.

SAILORS ON GUARD.
(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 11.—(Delayed.)—The interior of the winter palace was a remarkable sight owing to the extraordinary precautions which first were taken early yesterday when hope of a compromise was lost finally.

Inside the newly erected partition in the grand corridor and outside M. Kerensky's office, were stationed 200 sailors of the Second Baltic corps. During the afternoon students of the school of marines were brought into the palace as well as parts of the Freobrazhensky and Litavsk. While in the court yard were armed motor cars. Elsewhere in the city there was little military show, but all through the night posts of five and six infantrymen paraded the streets and occupied the court yards. The city so far has been quiet.

All through the night M. Kerensky received resolutions from army and navy units promising to support him. The council of workmen and soldiers' delegates sent telegrams to the telegraph operators unions declaring that the operators by refusing to work for Korniloff could help to crush the revolt.

Premier Kerensky issued an order to the Petrograd garrison denouncing General Korniloff for opening the front to the Germans and for sending a division of soldiers against the capital while professing to defend liberty.

General Kozmin, now commanding the Petrograd city garrison, declared before the meeting in the winter palace of the representatives of the different organizations: "No negotiations are possible with traitors. Our only future conversation (Continued on Page 2, Col. 2.)"

WAR WILL LAST TIL WE WIN IT SAYS SECRETARY BAKER

(ASSOCIATED PRESS TELEGRAM) Columbus, O., Sept. 12.—"The war will last until the United States ends it." This was the message which Secretary of War Baker delivered to members of the Ohio Bankers' Association in convention here, during a busy day spent in Ohio, which ended last night on his departure for Washington. Besides addressing the bankers, Mr. Baker also visited Camp Sherman, Chillicothe, and conferred with Governor James M. Cox, who spoke before the bankers last night.

In his speech, Secretary Baker commended the patriotism displayed by bankers and other business men of the country and condemned the interference with prosecution of the war growing out of activities of Socialists. It was the opinion of the secretary, that after the war business will undergo a revision, the trend of which will be determined by the people.

Governor Cox, in addressing the bankers, flayed Socialism, not in point of its ideals and theories, but as "a sheltering place for traitors."

Ohio's part in the war and all patriotic enterprises was touched upon with no little pride by the governor who also paid tribute to the bankers for flotation of the Liberty loan.

TOLEDO NOMINATES THREE.
(ASSOCIATED PRESS TELEGRAM) Toledo, Sept. 12.—Cornell Schreiber, former city solicitor; George A. Murphy, former chief of police and Robert F. Haworth, socialist, were nominated for mayor at the non-partisan primaries under the charter yesterday. A proposed amendment to the city charter which would enable the city to issue general credit bonds to buy the street railroad system and other public utilities was defeated overwhelmingly.

Socialists Object to Premier Ribot Retaining Foreign Affairs Portfolio

POINCARÉ ASKS PAINLEVÉ TO MAKE NEW ATTEMPT

Eleventh Hour Withdrawal of Socialists Foiled Plans of the New Leader

(ASSOCIATED PRESS TELEGRAM) Paris, Sept. 12.—Paul Painlevé, minister of war has announced that he has been unable to form a new ministry to succeed that of M. Ribot, owing to the eleventh hour withdrawal of the socialists, Albert Thomas and M. Varenne.

M. Painlevé went to Elysee palace at one o'clock this morning, where he was joined by M. Bourgeois, other statesmen he had conferred with awaiting him at the ministry of war. He returned within an hour and announced to newspaper men that President Poincaré had insisted that he continue his efforts to form a cabinet and that he had asked for time to think over the situation.

It is understood Professor Painlevé will again try to construct a ministry.

Professor Painlevé's first combination proved even more abortive than that of M. Ribot, the retiring premier, and collapsed from the same cause, namely, the exigencies of the socialists. What those exigencies are is not exactly known.

Professor Painlevé had completed his list yesterday afternoon and his success in forming a ministry was regarded as a foregone conclusion. At 10 o'clock last night the new ministers assembled at the ministry of war. At 11 p. m. Albert Thomas, socialist member of the war council and minister of munitions, and deputy Alexandre Varenne, who had been named minister of public instruction, left the war ministry. In reply to inquiries, they said:

"It is nothing but a little difference which certainly will be settled in half an hour."

The ministers did not return, however, until an hour and a half after midnight. Their absence was due, according to reliable information to the necessity of consulting M. Renaudet, M. Hubert Rouger, M. Weber and M. Moutet, the per- (Continued on Page 2, Col. 3.)

OVER THOUSAND ASK PRESIDENT TO RULE ON EXEMPTION CLAIM

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 12.—More than 1000 claims for army exemption on the ground that the claimant is indispensable to a war industry, appealed to the president, the final judge of such cases, were on file today at the office of Provost Marshal General Crowder, and others are coming in.

Preliminary examination is being made by General Crowder on whose final recommendation the president probably will act. The general laid emphasis today on the fact that only industrial exemption claims may be appealed to the president from district boards and that personal hearings before the authorities acting for the president will not be given. Evidence will be limited to that already presented to district boards and it will avail claimants nothing to employ attorneys or other agents to press their pleas.

Pending final decision by the president the men claiming industrial exemption are subject to military duty although in many cases district boards have granted temporary discharges or have recommended to local boards that such men be included in the last quotas sent to camp.

ARMY AIRPLANES COLLIDE; TWO ARE DEAD IN CRASH

(ASSOCIATED PRESS TELEGRAM) San Diego, Cal., Sept. 12.—Edward M. Walsh Jr. and Theodore B. Lyman, student aviators at the North Island military aviation school were killed today when their planes collided about 500 feet above ground. Both men were Californians.

PATROLMAN IS KILLED.
(ASSOCIATED PRESS TELEGRAM) Cleveland, Sept. 12.—Patrolman Elmer P. Glasco was shot by one of three men he was searching for weapons early today. He died in an emergency ambulance on the way to a hospital. The trio escaped but police have two suspects under arrest.

WITTENBURG WANTS COACH.
Springfield, Sept. 12.—Wittenburg College is looking for a football coach. Ernest Goaffrey, last season's coach in the quartermaster's department at Ft. Benjamin Harrison, Indiana, will be unable to get a furlough to coach this season's team.

SCORES HARDWICK FOR OPPOSITION TO CONSCRIPTION LAW

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 12.—Denouncing the introduction of such a proposition, the senate military committee today reported adversely Senator Hardwick's resolution which would provide that the consent of every drafted man must be obtained before he is required to perform foreign service.

The committee, the report says, believed the draft law is constitutional and that every man drafted into the national army can be used abroad. "The situation arising out of this spirit of opposition to the selective draft act is serious," says the report, "and taken in connection with the unrest amongst the civil population growing out of commercial and industrial conditions, stimulated in some cases doubtless by pro-German sympathies and propaganda, places our country in a situation of extreme peril at a time when all should be united in a common cause."

"It is the view of the committee that the selective draft act is neither violative of American tradition nor of the constitution and entertaining this view the committee feels justified in saying that there is no necessity for such legislation as that proposed, either on the ground of expediency or necessity."

"The psychological effect of calling in question and set, the principles of which, it seems, to the committee have been sustained by the courts of the country, is bad and the tendency of it all is to impair the military efficiency of the men who are already in the service and of those who may yet be called to serve in this time of need."

ALLIES WOULD BE IN SORE STRAITS WITHOUT U. S. AID

(ASSOCIATED PRESS TELEGRAM) London, Sept. 12.—Andrew Boner Law, chancellor of the exchequer, speaking today at a luncheon given by the empire parliamentary association on the Middle McCormick, congressman at large of Illinois, said:

"In everything connected with the military arms the Germans have shown remarkable results, even genius, but in dealing with questions of human nature they have repeatedly made mistakes which have been the salvation of the entente allies. No mistake they have made will be so great in its consequences as that which drove the United States into the war."

"The Germans lately," Mr. Boner Law continued, "have been saying that the entente was relying on the United States as their last hope. I want to say to you that we do rely on the United States."

"The chancellor of the exchequer I am ready to say to you now what I should have been sorry to have said six months ago, namely, that without the United States' financial assistance the allies would have been in disastrous straits today."

TAKE OVER SUGAR CONTROL.
Washington, Sept. 12.—The American sugar industry will be placed under government control Oct. 1, the food administration announced last night by the institution of a licensing system to include manufacture, refining and imports. The step was decided on with the approval of President Wilson to prevent speculative prices and to assure equitable distribution.

IS GEN. KORNILOFF SAVIOUR OF RUSSIA? MILITARY DICTATOR ABSOLUTE NECESSITY

(ASSOCIATED PRESS TELEGRAM) London, Sept. 12.—Leslie Urquhart, one of the most prominent mining and oil engineers in Russia, who has just arrived in London, in an interview in The Daily Mail, says:

"I have faith in Russia. I have known the country more than twenty years and she will pull through. Whether General Korniloff will prove the saviour of society I cannot tell. But of this I am sure: A military dictatorship has got to come."

After paying a tribute to General Korniloff as "at least a man of action," Mr. Urquhart asserts that there are immense risks and few compensating gains for the Germans in a further advance on Petrograd, even if the time of the year and the character of the country permitted.

Russia, he says, is tired of the war just like all the other belligerent people, but is not tired enough to make a separate peace. He added:

"I can say with absolute confidence that the whole Russian people would be dead against a separate peace and would make short work of any one who attempted to negotiate it."

Mr. Urquhart characterized Premier Kerensky as "an honest visionary." At the bottom he is a talker, but little else. Premier Kerensky is afraid of the council of workmen and soldiers' delegates, which is a self constituted organization of idealists, theorists, anarchists and syndicalists with hardly any working men or soldiers amongst them. Some of them are known to be in German pay. Their ideas of discipline not only have ruined the army, but all Russian industrialism."

RED CROSS GETS LAND IN CAMP AREA AT CHILlicothe

(ASSOCIATED PRESS TELEGRAM) Camp Sherman, Chillicothe, O., Sept. 12.—Land within Camp Sherman will be turned over to the war department commission on Camp activities and to the Red Cross for recreational and social building sites.

It came known today that authority for use of the property was obtained yesterday from Secretary of War Baker by Spencer Gordon, representative here of the commission. Sites for buildings for each county Red Cross organization where soldiers may be "at home" and get home papers and meet people from their own county and a large Red Cross temporary hotel has been provided at the southwest corner of the camp.

The camp activities organization will erect two large buildings, one athletic and the other soldiers club house containing a theatre. The theatre will have a stage for each of the biggest theatrical producers in the country and will seat from five to six thousand men. The club house will also contain a large dance floor and billiard room. Social and recreational activities of the Red Cross and camp activities will be distinct from the Y. M. C. A. work in order that all drafted men may find plenty of wholesome entertainment at camp. Supplies and equipment continued to pour into camp today and officials in charge have moved headquarters into the midst of store houses to handle the situation.

Indications today were that all drafted men of the next quota to arrive here Sept. 13, will be outfitted very soon after they arrive.

ACCEPT POPE'S PROGRAM.
(ASSOCIATED PRESS TELEGRAM) Amsterdam, Sept. 12.—The Wezer Zeitung says that the German reply to Pope Benedict's peace plea will contain no details but will accept in principle the pope's peace program. The paper adds that the reply will not be submitted to the main committee of the reichstag.

BREAD CARDS IN ITALY.
Rome, Sept. 12.—Giuseppe Canapa, the Italian food controller today ordered the introduction of bread and flour cards throughout Italy after October 11.

KERENSKY MAY ASSUME COMMAND OF RUSS ARMY; STATE OF WAR IN MOSCOW

Announcement of New General in Command Followed Closely By Kerensky's Decision to Take Command of All Russian Military Organizations

LOYAL TROOPS ARREST COMMANDERS WHO DECLARE FEALTY TO KORNILOFF

Indications Are That Revolt Led By Deposed Commander-In-Chief Will Fail—Three Towns Threatened By Uprising, Now In Hands of Loyal Troops—Some Newspapers Which Give Preferred Space to Korniloff's Proclamations While "Burying" Those of Premier Constitutional Party Loyal to Government

(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 12.—The Associated Press was informed unofficially early this morning at the winter palace that Premier Kerensky was about to assume the position of commander-in-chief of all the Russian armies at least until the revolt has been crushed.

The provisional government today declared a state of war exists in the town and district of Moscow.

Major General Bonch Bruyevitch has been appointed commander-in-chief in the Russian army in succession to General Korniloff.

The central committee of the constitutional party today informed Premier Kerensky that the party was agreed to its members joining a reconstituted Russian cabinet in order to avoid civil war.

Vice Premier Nekrasoff in an interview distributed today by the Russian official news agency said that the political situation could be considered perfectly favorable. All the commanders at the front with the exception of General Dinitzine, commander on the western front, who has been arrested with his chief of staff by the military committee, remain faithful to the provisional government. Pskoff is in the possession of government troops.

Concord troops who formed part of the army sent by General Korniloff against Petrograd have sent delegations to the provisional government expressing loyalty to the revolution and declaring they would arrest their officers who had deceived them.

TROOPS ARREST GENERALS.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 11.—(Tuesday.) (Delayed.)—M. Nekrasoff, minister of finance, today told The Associated Press that the towns of Pskoff and Duga and the railroad station at Dno were all in the hands of the government troops.

In the chancellery of the council of ministers the correspondent was informed unofficially that at the front the troops loyal to the government have in many cases arrested their Korniloff commanders and that therefore there are indications that the revolt will fail.

The government has suppressed the Novoe Vremya, a prominent Petrograd newspaper as punishment for printing prominently Korniloff's proclamation while publishing those of M. Kerensky in contracted form.

General Dinitzine and Vainavet, commanding the southwest and western fronts, respectively, have joined General Korniloff, according to announcement in the Petrograd newspapers given out by the semi-official news agency.

An earlier report from Petrograd said that General Dinitzine had been placed under arrest.

Alexander Guchkoff, the Octoberist leader and former minister of war and navy, who after leaving Petrograd last Saturday joined the Korniloff movement, has been arrested. He is now under guard at Pskoff.

MINISTER'S EFFORT FAILS.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 11. (Tuesday, delayed.)—An abortive attempt to prevent civil war was made by Professor Paul N. Mitukoff, leader of the constitutional democrats, former foreign minister and one of the prime movers in the revolution. He first offered by telephone his services as intermediary with General Korniloff and later held a personal conference with Premier Kerensky at which General Alexieff, former commander in chief of the Russian armies, was present.

M. Mitukoff related that a few days ago Korniloff invited him to come to his headquarters but that Mitukoff refused to do so. Mitukoff said he proposed that he go to headquarters with authority from the government to negotiate peace between the factions. M. Kerensky, however, declared that no reconciliation was possible, and received the backing of other members of the government in his demand for the unconditional surrender of Korniloff.

General Alexieff after the conference issued a statement to the press in which he said he intended taking no official position or any action in the present situation. He added that he regarded himself as a private individual and outside the conflict.

The government has issued an order doubling the fixed prices of cereals. The order also provides for increased remuneration for freight on these foodstuffs.

The Associated Press was personally informed this afternoon by Minister of Finance Nekrasoff that the forces of General Korniloff in the

CIVILIANS ARE LEAVING.

(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 12.—Sherrings of food stuffs from Petrograd may make more difficult the defense of the Russian capital by the Kerensky government against the troops led by General Korniloff.

Dispatches to the state department from Ambassador Francis said that an evacuation of Petrograd by a part of the civilian population was under way and gave as a reason the scarcity of supplies rather than military reasons.

The dispatch was sent three days ago. Regarding the recent developments in the movement headed by General Korniloff the state department today had received no information.

ARGENTINE SENDS COUNT LUXBURG'S WALKING PAPERS

(ASSOCIATED PRESS TELEGRAM) Buenos Aires, Argentina, Sept. 12.—The Argentine government at noon today sent to the German legation passports to be delivered to Count Luxburg, the German chargé d'affaires in Buenos Aires. The whereabouts of Count Luxburg still is unknown to the Argentine government.

The Argentine foreign office today sent a communication to the German foreign ministry demanding an explanation of Count Luxburg's action in sending the secret code messages to Berlin through the Swedish legation.

It was officially announced here that if Germany failed to disapprove of Count von Luxburg's minister at Berlin. If the Berlin government disapproved of his course the status quo would be maintained.

SWEDEN SENDS U. S. ENVOY.

(ASSOCIATED PRESS TELEGRAM) Stockholm, Tuesday, Sept. 11.—(Delayed.)—Mr. Nelson Herron, the American minister to Sweden, today left for the Swedish capital at the request of Foreign Minister Lindman, and the two ministers conferred for an hour regarding the transmission of German cipher telegrams by the Swedish minister at Buenos Aires.

VETERANS ARE FAVORED.
(ASSOCIATED PRESS TELEGRAM) Washington, Sept. 12.—Employees of the postal service who are members of the Union Veterans Legion will be granted leave of absence with pay to attend the annual campment of the organization this month at Columbus, O., according to an order made public by Postmaster General Burdette today.

The Greatest Medical Authorities in the world have made public statements in which they endorse the value of such ingredients as are contained in Father John's Medicine.

These great physicians say in substance, that these ingredients "are beneficial notably in wasting diseases and those maladies which are connected with or have their origin in debilitating and wasting diseases and in colds."

To detail here the statements of these various authorities would require too much space, but if you desire to see these statements in more complete form, write to Father John's Medicine, Lower Mass., and we will be glad to give the names of the authorities quoted, with brief excerpts from their public statements. Father John's Medicine is a pure and wholesome body builder, contains no alcohol or dangerous drugs.

AFRAID TO EAT

Wealthy Dyspeptic Dies of Starvation.

An inquest was recently held on a wealthy man who had died of starvation. He was a victim of digestive trouble and afraid to eat because of the pain which followed. The doctor's report of the cause of death should serve as a warning to those readers who experience pain and unpleasantness after eating. It is a reminder that indigestion, dyspepsia, heartburn, flatulence and wind are usually but symptoms of excessive acidity and fermentation. The acid retards digestion, turns the food sour and causes fermentation and wind. Obviously, therefore, it is acidity which is the root cause of practically all forms of digestive and stomach trouble, and that is why physicians advise sufferers to take Magnesia Neutrate after meals. Magnesia Neutrate is not a drug or a medicine, but an antacid and food corrector which can be obtained from T. J. Evans and all other first class chemists everywhere. A teaspoonful taken in a little water after meals is sufficient to instantly neutralize acidity and prevent all possibility of the food fermentation; and if dyspepsia should arise, this timely precaution they would soon find drug taking and dieting unnecessary. Magnesia Neutrate would enable them to eat heartily without fear of pain to follow. Adv.

HOW TO BANISH WRINKLES QUICKLY

If your face is disfigured with wrinkles, no matter what the cause you can quickly dispel them, even the most obstinate, by using a simple, home-made wash lotion. Merely dissolve an ounce of powdered alum in half pint witch-hazel— inexpensive ingredients found in any drugstore. Bathe the face in this, and presto, you will find your own eyes when you look into your mirror and behold the marvelous transformation!

The remarkable contracting action of the alum so tightens the skin, wrinkles are literally pressed out. Best of all, this result is not purely temporary, for the lotion also has a healthful tonic action, which tends to strengthen and tone up the weakened tissue, and added benefit may be expected with continued use. Use this once a day for awhile; it cannot injure the most delicate skin. The treatment itself leaves no trace—no one guesses the secret of your increasing youthful appearance. Adv.

NO DISORDERS IN PETROGRAD; CHIEF IS WELL GUARDED

(Continued From Page 1)

Only bayonets can now decide the conflict," was the declaration of Vice Premier Nekrasoff.

M. Tchernoff, minister of agriculture, has resigned from the cabinet. Ninety arrests were made in Petrograd last night. General Michalevich was arrested at Moscow.

Premier Kerensky has ordered the procurator of the Petrograd court to put General Korniloff on trial under the historic 105th statute for "conspiring to overthrow the existing order."

During the night Premier Kerensky had a conference with the procurator and dictated a lengthy description of the details of the conspiracy. The texts of General Korniloff's proclamations are published here today. The first, dated at Mohilev, denounces Premier Kerensky's mission and declares that Korniloff did not send Lvoff to Kerensky, but that Kerensky first sent Lvoff to him with the aim to create trouble.

"Russian men," continues the proclamation, "our great fatherland is perishing! Our government under pressure of the Bolshevik majority of the councils is acting in full accord with the plans of the German general staff. Overwhelming consciousness of the impending ruin of the fatherland compels me in this menacing moment to summon all Russian men to save perishing Russia. All in whose breasts beat Russian hearts, all who believe in God, let them flock to the temple and pray God to perform a great miracle—a miracle of saving the fatherland."

"I, General Korniloff, son of a peasant and Cossack, declare to all that I require nothing personally, nothing except the salvation of mighty Russia, and I swear to lead the nation by the road of victory over the foe to a constituent assembly through which the nation will decide its own fate and choose the organization of its own political life. But I shall never betray Russia into the hands of its traditional foe, the German race, or make the Russian people the slaves of Germany. I prefer to die on the field of honor and battle rather than to witness the shame and infamy of Russian land."

"Russian people! In your hands rests the fate of your country. (Signed) "Korniloff."

In the second proclamation General Korniloff declares he is supported by the higher commanders on the front, denounces the government for incapacity, weakness and indecision, and declares his intention to veil its unfitness the government is creating the chimera of a non-existent counter revolution.

The provisional government has under the martial law regulations prohibited the circulation of General Korniloff's manifestos or the publication of unofficial news concerning military measures taken against the revolt.

APPEALS FOR SUPPORT.

(ASSOCIATED PRESS TELEGRAM) Moscow, Sept. 10.—(Delayed.)—The municipal council of Moscow has issued a proclamation intimating that the inhabitants of the ancient capital of Russia ought to rise as one in defense of the revolution and prevent civil war. The proclamation appeals to all classes of Russia to support the provisional government.

The Moscow garrison, the associations of workers of professional classes and the railroad workmen have passed resolutions of loyalty to the provisional government.

REPORT ARMY SURRENDERING.

(ASSOCIATED PRESS TELEGRAM) Petrograd, Sept. 11.—(Tuesday, delayed.)—Members of the Kerensky government have informed The Associated Press that while they are unable to report the final overthrow of General Korniloff they are optimistic concerning the general situation. Unconfirmed reports say that a part of General Korniloff's army is surrendering to the government.

All elements in the population of Moscow, according to reports received here, emphasize assurances of support to the provisional government which have already been given by the municipal council. General Verkhovsky called all the officers of the garrison together in the public square and was given assurance that they would support Premier Kerensky. The Saint George cavaliers have made a special offer of their services and their appears to be unity among the workmen's groups.

Vladimir Purshkevich, the well known reactionary under the old regime, who was arrested at Divinsk and later released, is reported again to be in custody.

Petrograd is said to have sufficient provisions to last for four or five days.

The new commander in chief of the Russian armies, Major General Bonch Bruyovitch, who formerly was attached to the staff of General Brusiloff, one time commander in chief, has from the first, been devoted to the provisional government.

An unconfirmed report received at the capital is to the effect that part of General Korniloff's army is surrendering.

In an interview Vice Premier and Minister of Finance Nekrasoff informed The Associated Press that General Sprjzhevskii, commander of the Caucasus front, and Lieutenant General Dmitri Stenichnatcheff, commander on the Rumanian front, had definitely declared their allegiance to the government. From General

Staudyeff, the commander on the western front no news has been received but from his attitude there is reason to believe he remains loyal.

The attitude of General Kiembovsky, commander on the northern front is still enigmatical. He based his refusal to accept the post of commander in chief on the fact that the position on his front required his special attention. Asked by the government for an explanation of why he allowed General Korniloff's army to pass through Pskoff he replied that these troops were not subordinate to him. The government, Vice Premier Nekrasoff said, had told General Kiembovsky he must either define his attitude or resign.

General Lokomsky, the chief of staff, the vice premier added undoubtedly was the chief conspirator. There was evidence the conspiracy had been prepared carefully and well in advance, whereas the government was caught wholly unawares.

The constitutional democrats, M. Nekrasoff said, had no part in the plot and no members of that party had been at General Korniloff's headquarters.

The government had received information that dissension had broken out in General Korniloff's camp. The army sent against Petrograd, the vice premier declared, had been deceived, having been told that General Korniloff's only aim was to drive the Bolshevik group out of the capital. The government had taken measures to undeceive the soldiers on this point.

M. Nekrasoff concluded as regards the composition of the provisional cabinet that M. Yourneff, minister of public works, and professor Kokoshine, the state controller were the only ministers who had definitely resigned. The attitude of M. Oldenburg, minister of public instruction, and of M. Kartasheff, procurator of the Holy Synod, was doubtful.

Premier Kerensky, the vice premier stated, has been offered special powers and he has the support of the whole country.

The newspapers here announce today that at the order of the government Ex-Grand Dukes Michael Alexandrovitch and Paul Alexandrovitch have been transferred from their private residence at Gatchina, near Petrograd, to the ministry of the interior.

Ex-Grand Duke Michael Alexandrovitch is a brother of the deposed emperor. When the imperial regime was overthrown on March 15 Emperor Nicholas designated Grand Duke Michael as regent but he in turn abdicated on the following day. Last week the former grand duke was arrested in connection with the discovery of a counter revolutionary plot. Ex-Grand Duke Paul Alexandrovitch is an uncle of the former emperor.

HELLIN MAKES A FAST FLIGHT TO LICKING FAIR

Fred Hellin of San Francisco, chief instructor in the Beam School of Aviation at Celina, flew from the aviation field at Celina to Newark in two hours and a half actual flying time, according to his announcement after reaching the fair ground yesterday. The distance is nearly 125 miles. Air stops were made in Bellefontaine and Columbus.

This afternoon Aviator Hellin flew over the down town districts before making the exhibition flight at the fair ground. He is accompanied on the flights by several student aviators who are taking courses at the Celina school. All these men are eligible for acceptance in the army corps after finishing the course at Celina.

On his trip Tuesday Hellin maintained an altitude of about 5,000 feet most of the time. He followed the Pennsylvania railroad from Columbus to the city but overlooked the fair ground when he approached West Newark and continued as far as the North Fork of the Licking river before he realized he had passed his landing place. In the meantime, signal fires had been started on the aviation field at the park. Besides showing the bird man the location of the field, the smoke from the fire showed him the direction of the wind, which is necessary for a successful and safe landing. On his flight from Celina he was accompanied by Alvin Cole-slaw, a student aviator.

Hellin uses a Thomas-Morse plane of the "pusher" type, that is, the propellers are in the rear and "push" rather than "pull" the machine through the air.

No tricks or stunts in the air will be attempted by the air men here because the plane being used is not of the proper type. It is one of the instruction machines used at Celina.

Hellin volunteered to make the cross country flight yesterday to relieve Secretary Hale of a very embarrassing situation. He had advertised the airship flights as a feature of the fair and the eleventh hour cancellation of the contract by Billy Brown put the secretary up against a bad situation. The noise of Hellin's propellers yesterday as he approached the city was sweet music in Hale's ears and he breathed a sigh of relief when he found that he was going to be able to deliver the goods advertised.

Hellin will make flights every afternoon at the fair grounds.

FRENCH.

(ASSOCIATED PRESS TELEGRAM) Paris, Sept. 12.—French troops last night attacked the German trenches in the region of St. Souplet, in the Champagne, and succeeded in smashing the first two German lines and entering the third positions. All the German troops carrying these trenches, the French war office announced this afternoon, were either killed or taken prisoner.

HELLIN MAKES A FAST FLIGHT TO LICKING FAIR

Fred Hellin of San Francisco, chief instructor in the Beam School of Aviation at Celina, flew from the aviation field at Celina to Newark in two hours and a half actual flying time, according to his announcement after reaching the fair ground yesterday. The distance is nearly 125 miles. Air stops were made in Bellefontaine and Columbus.

This afternoon Aviator Hellin flew over the down town districts before making the exhibition flight at the fair ground. He is accompanied on the flights by several student aviators who are taking courses at the Celina school. All these men are eligible for acceptance in the army corps after finishing the course at Celina.

On his trip Tuesday Hellin maintained an altitude of about 5,000 feet most of the time. He followed the Pennsylvania railroad from Columbus to the city but overlooked the fair ground when he approached West Newark and continued as far as the North Fork of the Licking river before he realized he had passed his landing place. In the meantime, signal fires had been started on the aviation field at the park. Besides showing the bird man the location of the field, the smoke from the fire showed him the direction of the wind, which is necessary for a successful and safe landing. On his flight from Celina he was accompanied by Alvin Cole-slaw, a student aviator.

Hellin uses a Thomas-Morse plane of the "pusher" type, that is, the propellers are in the rear and "push" rather than "pull" the machine through the air.

No tricks or stunts in the air will be attempted by the air men here because the plane being used is not of the proper type. It is one of the instruction machines used at Celina.

Hellin volunteered to make the cross country flight yesterday to relieve Secretary Hale of a very embarrassing situation. He had advertised the airship flights as a feature of the fair and the eleventh hour cancellation of the contract by Billy Brown put the secretary up against a bad situation. The noise of Hellin's propellers yesterday as he approached the city was sweet music in Hale's ears and he breathed a sigh of relief when he found that he was going to be able to deliver the goods advertised.

Hellin will make flights every afternoon at the fair grounds.

Today's starters were:

The baseball umpires ought not to mind a little thing like war.

It seems pretty tough to the Germans that the rest of the world won't make peace so that Germany can get ready to fight again.

Judging by that German consul's telegram, the only mistake his people made was in leaving anyone living as "traces" when they sunk the Lusitania.

When you see a girl in a purple hat, yellow coat, and blue skirt, it is hard to tell whether she is trying to do her bit in the war, or merely avoid low visibility.

All the food controller has to do is to keep the prices right where they are on everything people have to sell, and reduce the cost of everything they have to buy.

Those young men tearing through the streets in their automobiles are not speeding for a doctor to save some dying man, but merely trying to save 15 seconds of their exceedingly valuable time.

At these educational cattle shows, the fast trotter that stirs our excitement gets a purse of \$200, while the prize pumpkin capable of providing a hundred men with pie, is magnificently awarded a premium of 25 cents.

FUEL SHORTAGE.

Up to recent years, the last thing the people of the United States thought about was fuel shortage. The scientists might figure that the coal mines would be used up in 1000 years, but "we should worry." It never occurred to them that the shortage and high price of labor would greatly increase the cost of mining coal, and that our supply of fuel wood was rapidly being depleted by the gross waste of forest resources.

Today high cost fuel is threatening the security of railroad dividends and it greatly increases the cost of running any plant needing power. The household feels keenly the augmented price of coal and wood in his home. Recognizing these conditions, the government is asking the public to conserve supplies of fuel in every way.

In industrial plants various devices are used to save coal, such as automatic stoking, introduction of smoke consumers, more careful systems of feeding fire, etc. But the one great means of saving fuel is to develop water powers, and make our rivers turn our wheels. The people who promote and bring to successful operation a water power company are adding permanent sources of wealth that will increase production indefinitely.

If they plant and maintain forest growth about the headwaters of their stream, they will maintain a regular flow of that stream all the year around, or nearly so, thus reducing the time that auxiliary stream plants burning coal have to be operated.

It is too bad that so many millions of dollars are wasted in unfruitful speculation, in wildcat mining and speculation schemes, when if they could only be used in developing water powers that are going to waste. They would permanently economize our resources and reduce the cost of manufacturing. Power plants are recognized today as one of the safest forms of investment. People who spend money thousands of miles from home should inquire if there are not available water powers in their own section that could be developed.

ALL LOYAL TO THE U. S. A.

(Philadelphia Record.)
Of the 206,549 recruits who had enlisted in the regular army from April 1 up to Friday evening last 103,235, or almost exactly one-half, came from the states of Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Ohio, Indiana and Illinois. With the exception of Rhode Island all of these commonwealths have largely exceeded their quotas and the surplus of their enlistments, with that of some smaller states, has served to make up the deficiency reported from other parts of the country.

This splendid block of sovereign commonwealths, stretching from the Atlantic ocean to the Mississippi river and including six of the 13 original colonies, embraces no small part of the wealth of the United States. It is pre-eminent in manufactures, and the three western members possess great agricultural wealth. In all nine states the proportion of foreign-born residents is high. It is extremely gratifying, therefore, to find that the spirit of patriotism blazes no less brightly among those who have come here from other lands and among their children than among the native American element. Indeed, the comparison is by no means favorable to the older stock. Making proper allowance for the difference in population, Vermont's contribution of 135 soldiers to the army contrasts very unfavorably with Connecticut's 2510, and Pennsylvania's 22,978 recruits dwarf into insignificance Virginia's 1562 and North Carolina's 1536. Yet these two last states are supposed to be largely composed of Americans whose families have been long residents in this country.

Such figures show that the heart of the United States is sound and loyal, notwithstanding the noisy outcries made by a very trifling percentage of the population. The states that furnish the bulk of the troops for the Revolution are no less patriotic in 1917 than in 1775, and the tradition is nobly carried on by their western states. America is all right, and the German Kaiser will learn in due time.

FLATTERED BY THOMPSON.

(Chicago Herald.)
Regretfully to commend many of Mayor Thompson's acts, but today he can pay whole-hearted tribute to his good sense and righteous judgment in selecting the Herald as the premier force in Chicago diametrically opposed to everything he stands for in the nation's crisis.

We accept the compliment that William Hale Thompson pays us in making the Herald and its editor the object of his first suit for damages. It is a badge of honor, an unconsciously bestowed decoration for conspicuous service in behalf of this city, state and nation, a striking testimonial to Herald leadership in the fight against bad influences in politics and worse influences during this time of national stress and struggle.

We also accept with alacrity and becoming modesty the position which William Hale Thompson assigns the Herald as the antithesis of that he and the men behind him represent. The Herald will continue its efforts to make that antithesis even plainer, and in the discharge of its duty to the public, to the nation at war, to all who are battling to make the world safe for freedom and democracy, it will deal with men and matters without fear or favor. No suit for \$250,000 will plaster its mouth or act as a sedative to its conscience.

If Mayor William Hale Thompson can be persuaded to remain in Chicago for three consecutive days next week and bring suit to trial and will himself be present while the testimony is being given, the Herald will give him all the evidence he may desire as to his reputation in this community and the extent to which it is capable of being injured by the Herald's policy of loyalty to America at war.

In this, as in other matters, the Herald is no white livered pacifist.

THE ENEMIES WITHIN.

(Columbus Dispatch.)
Every nation that has engaged in war since the beginning of time has had enemies at home as well as enemies abroad; there have even been enemies within the camp. Our own experience at this time is not different from the experiences we have had in other days, nor from the experiences of other nations.

The worst feature of it with us is that these enemies, in many instances, actually do not know they are enemies. About peace, and their arguments against continuing the war, and their resistance of the draft are all matters of great importance to the common enemy. But the fact is that every man who opposes the war, now that we are at war; every man who makes it harder for the government to carry out its plans; every man who discourages the soldiers of this country, is an enemy of this nation.

And he should be treated as an enemy. That is the easiest way of ridding ourselves of these troublesome characters. Whether they are actually in sympathy with Germany, and want Germany to win, has nothing to do with the case. We ought to take up and imprison until the end of the war at least, every man or woman who interferes in any way with the great work at hand—and that work is whipping Germany.

HOW TO MAKE PIGS GROW.

(Farm and Fireside.)
"Keep the young pigs growing from the start. It is the pig's business during this time to develop a good frame, to grow bone, muscle, and vital organs, and to lay on fat. Plenty of pasture, some grain, exercise, and good sanitary quarters are all very necessary if the pig is to be both thrifty and profitable."

"Give the pigs an abundance of good pasture. They should be kept on pasture as long as possible and gain the benefit of its cheer and nutrients, especially mineral and protein, and its tonic and digestive qualities. But pigs on pasture alone, even alfalfa, need some grain supplement. The amount of grain or other concentrated feed used would depend on how much pasture is available, on the cost factor of grain or other feeds, on the age and condition of the pigs, and the time at which the farmer expects to market them."

Spirit of the Press

Buenos Aires to Berlin.
When Buenos Aires fully realizes the cynical insolence, the brutal contempt of neutral rights and neutral lives displayed in the diplomat Von Luxburg's characteristically German communications through Stockholm to the Kaiser's Foreign Office, we imagine that end of the business will be attended to properly by our friends of the Argentine. The case of the neutral Sweden, as disclosed in the facts made public by the Department of State, is ripe for explanations of the most serious sort; but it should not be prejudged here.—New York Sun.

Guardians for Flappers.
London has a new kind of law officer. No helmet is worn and no truncheon is carried. The only approach to a uniform that this new officer wears is an armband. She is a woman, or rather a number of her. She is what the London Chronicle calls "guardian angel of the flapper."

She represents the social conscience and the social benevolence of the city.—Hartford Courant.

Let None Survive.
Sinking a ship "without a trace being left" means making sure that there are no survivors. Some of the learned German professors have been urging this. Some of the naval experts have insisted that the submarine work of the work of the submarine should be left. The advantage of that is that the nation to which the victimized vessel belongs will have no ground for complaint against Germany. Its vessel will leave port and never be heard from again, and it won't be necessary for the Berlin Foreign Office to pretend that the torpedo, pieces of which were found,

Protection for Children.

Though the Federal child labor act was not a war measure, it may well prove effective in aiding to conserve the vitality of the nation. Should the war continue for one or more years, the drain on the nation's man power will be serious. If the strength of the nation is to be rebuilt the new generation now about to arrive at manhood and womanhood must remain in sound condition.—Chicago News.

The Italian Offensive.

The Italian offensive against Austria is the most important movement which has been undertaken on the part of Italy since that country became a party to the war. Apparently the Austrians on one side are nearly as demoralized a condition as are the Russians on the other side. They seem to be giving way before the formidable Italian advance. The Italian success is doing much to encourage the Allies and is more than balancing the failure of the allied forces on the Russian front.—Anaconda Standard.

Steady as Well as Free.

The Russian National Conference at Moscow has come to a sudden close. Whether or not it was the original intention to keep it in session any longer, one wonders what it was begun for if so soon it was to be done for. The early adjournment makes it look as if the conference were afraid of itself. However, it may have already served the purpose of bringing the conservative influences of the country together—and by "conservative" we do not mean reactionary or counter-revolutionary influences, but those sober forces which will co-operate to make the new-born Russia steady as well as free.—Boston Transcript.

What Women Did in Civil War.

"Women all over the United States formed societies and made bandages and comforts of various kinds for the soldiers, but their work, too, lacked the direction and uniformity which are necessary for prompt and effective assistance. In the Civil War, country women were especially generous in contributing time and labor to the cause of helping the sick and wounded. In many instances the men were not given enough green food, and farmers contributed potatoes and fresh vegetables in large quantities, which frequently saved a camp from scurvy and other diseases."—Farm and Fireside.

FRANKLIN TOWNSHIP ORGANIZES FOR SUNDAY SCHOOL WORK IN WINTER

The Mary Ann Township Sunday School convention was held last Sunday at the Mt. Gilead United Brethren school. Speakers for the afternoon session were John Reed of Utica, who gave report of the boys and girls conference at Marion, H. Morrow, also of Utica, who has done missionary work in China and spoke on the Sunday school work in that country. D. G. Bricker, county president, was also present.

The speaker for the evening was G. R. Evans and he spoke on some of the principal methods to make the Bible schools a success, touching on teacher training, the adult organized Bible class and missionary work in the Bible school.

All of the officers, except the secretary were again elected for this year's work. Mrs. P. F. Shannon was appointed as the new secretary. Franklin Township.

The Franklin Township convention was held last Sunday with just an afternoon session, the main object of the convention being to effect an organization in that township.

Speakers for the afternoon were W. E. Weaver, teacher training superintendent; Mrs. Cora Dicken, home department superintendent; and G. R. Evans, all county officers. Rev. H. L. Greenwalt of Newark was also present and gave a few fitting remarks.

The following officers were elected for Franklin township: President, D. G. Benner; vice president, Homer Orr; secretary and treasurer, Miss Hazel Taylor; teacher training superintendent, Mrs. Jessie Smith; elementary superintendent, Mrs. Lucy Hoskinson; secondary superintendent, Miss Maude Parr; home department superintendent, Mrs. Peter Parr; adult organized Bible class superintendent, Mrs. L. B. Dumm; temperance and missions superintendent, Mrs. Allie Orr.

The convention was held at the Lutheran church on Linville pike, south of Newark.

DARLINGTON ONE OF FOUR VETERANS OF TWO WARS

Daniel Darlington of Newark is one of the four veterans of two wars who are now quartered at the Sandusky Soldiers Home. The other three men are Thomas J. Husic, 88, of Huron county; William B. Haynes, 80, of Toledo; and William Bailey, 84, of Wadsworth county. All are enjoying remarkable health and vitality.

Life is a grind, and the world is full of grinds.

Doctor Tells How To Strengthen Eyesight 50 per cent In One Week's Time in Many Instances

A Free Prescription You Can Have Filled and Use at Home

Philadelphia, Pa. Do you wear glasses? Are you a victim of eye strain or other eye weakness? If so, you will find out to know that according to Dr. Lewis there is real hope for you. Many whose eyes were failing say they have had their eyes restored through the principle of this wonderful free prescription. One man says, after trying it: "I was almost blind; could not see to read at all. Now I can read everything without any glasses and my eyes do not water any more. At night they would pain dreadfully, now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything seems clear. I can even read fine print without glasses." It is believed that thousands who wear glasses can now discard them in a reasonable time and multitudes more will be able to strengthen their eyes so as to be spared the trouble

and expense of ever getting glasses. Eye troubles of many descriptions may be wonderfully benefited by following the simple rules. Here is the prescription: Go to any active drug store and get a bottle of Bon-Opto tablets. Drop one of water and allow to dissolve. With this liquid bathe the eye two to four times daily. You should notice your eyes clear up perceptibly right from the start and inflammation will quickly disappear. A little, take steps to save them now before it is too late. Many hopelessly blind might have been saved if they had cared for their eyes in time.

Note: Another prominent physician to whom the above article was submitted, said: "Bon-Opto is a very remarkable remedy. Its constituent ingredients are well known to eminent eye specialists and widely prescribed by them. The manufacturers guarantee it to strengthen eyesight 50 per cent in one week's time in many instances so far as the money. It can be obtained from any good druggist and is one of the very few preparations I feel should be kept on hand for regular use in almost every family." It is sold in this city by T. J. Evans and other druggists.

Beautiful Bust and Shoulders are possible if you will wear a scientifically constructed Bien Jolie Brassiere.

The draping weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled.

put the bust back where it belongs, prevent the full bust from having the appearance of fishiness, eliminate the danger of dragging muscles and confine the flesh of the shoulder giving a graceful line to the entire upper body.

They are the simplest and most serviceable garments imaginable—come in all materials and styles: Cross Back, Hook Front, Surplice, Bandeau, etc. Boned with "Walden," the rustless boning—permitted washing without removal.

Have your dealer show you Bien Jolie Brassieres, if not stock, we will gladly send him, prepaid, samples to show you.

Little Betty Bone, of 481 North Fourth street, celebrated her fourth birthday anniversary, Saturday afternoon, September 8th, from two o'clock until five o'clock, with a party for her little friends. During the afternoon, numerous games were played by the little ones on the lawn.

At 4:30 they were called to the dining room, where the color scheme of pink and white was very prettily carried out. A large white birthday cake with four pink candles on it, was cut and with other dainty refreshments, was served to the following guests: Misses Kathryn Faust, Mabel Hanum, Paul Bothe, Ellen Bothe, Mary Christine Allen, Jean Davis, Virginia Cabel, Carl Cabel, Lois Holler, Godfrey Deck, Paul Richard Goode, Anna Margaret Ross, Carl Scarbrough, Billy Scarbrough and Betty Bone.

Betty received many tokens of friendship from her little friends, who departed, wishing her many more happy birthdays.

Mrs. Bone was assisted by Mrs. Elmer Deck and Mrs. Floyd Goode.

Richards—Palmerton.
The marriage of Miss Mary Palmerton to Mr. Edward Lee Richards took place Tuesday evening at seven o'clock, at the parsonage of the Rev. Millard Brelsford, Granville, Ohio. Mr. and Mrs. Richards will make their home in Granville, with the bride's mother, Mrs. Henry Palmerton, E. Elm street.

Cards have been received by Newark friends from Mrs. Margaret McCafferty announcing the marriage of her daughter, Miss Elizabeth McCafferty, to Mr. Ernest F. Woodward, in Cincinnati, September 4. The bride has been an instructor in the Granville public schools for several years, and Mr. Woodward is well-known in Newark being representative of the Kellogg Switchboard and Supply company, with headquarters in Columbus.

A delightful shower was given Mrs. George Logan, formerly Miss Pearl Roe of Franklin street. The bride received many beautiful and useful gifts. The evening was spent in music and dancing, after which a light lunch was served.

The guests were: Misses Lucille Satterfield, Rose Kline, Viola Keck, Dora Factor, Lura Harter, Elizabeth Factor, Bernice Mullenix, Anna Logan, Clara Rodenisier, Iva Worley, Betty Rose, Bea Roe, Dolly Shields, Mrs. J. E. Ellis and Mrs. C. B. Roe.

Dr. and Mrs. Clark B. Hatch entertained with a dinner party at Mountbuilders Country club, Tuesday evening. The event was planned by Dr. Hatch as a surprise for Mrs. Hatch, the occasion being the anniversary of their wedding. A delicious dinner was served and the appointments were attractive. Twelve guests were entertained.

The annual Ravenscroft reunion was held at the home of Mr. and Mrs. Emmet Johnson of Woodlawn avenue, Saturday, September 8. A bounteous dinner was served after which music and social conversation was enjoyed. Among those present were as follows:

Mr. and Mrs. Thomas Johnson and grandson, Carlos Mitchell; Mr. and Mrs. O. Dixon and two children of Brownsville; Mr. and Mrs. George Dixon of Granville; Mr. and Mrs. Carl Thurm Dixon, Mr. and Mrs. Carl Thurm Dixon, Mr. and Mrs. Vernon Dixon and two children, Mr. and Mrs. Herbert Gobel, Fred Curtis, George Johnson, Cassel Mercer, and the host and hostess, Mr. and Mrs. Emmet Johnson.

The reunion next year will be held at the home of Mr. and Mrs. George Dixon, Granville.—Zanesville Times-Recorder.

On Monday evening a surprise party was given on Miss May Orr, at her home, Buena Vista street, in honor of her birthday anniversary. About twenty-one motored to her home. The evening was spent in music and games and at a late hour lunch was served.

The guests were: Mary Minnie, Myrtle Vogel, Laura Jones, Dorothy Crouse, Ava Nutter, Triva Nutter, Messrs. George Brownfield, Chester Hammock, Forest Coogler, Russell Crouse, Guy Crouse, Oscar Orr, Raymond Orr, Paul Murrell, Murray Orr, Mrs. Emma Klein, Mr. and Mrs. Henry Dase, Mr. and Mrs. Joseph Orr.

Granville

(Special to Advocate.)

Granville, Sept. 12.—The marriage of Miss Anna Barrett and Mr. Oscar Ellison of La Moure, N. D., was quietly solemnized last evening at 7 o'clock at the Presbyterian parsonage in the presence of eighteen relatives and close friends of the bride. Dr. E. T. Barnes read the impressive marriage service. There were no attendants. The bride appeared becomingly dressed in a traveling suit of dark blue silk, with hat, gloves and boots of military gray. At 7:30 a wedding dinner of delightful appointments was served by Mrs. W. A. Mitchell at her home in Broadway at which covers were laid for eighteen. Miss Barrett is a graduate of Mrs. Emma Barrett of West College street. For two years she was principal of the High school in the city in which Mr. Ellison is registrar of deeds. The young couple took the 9 o'clock train for the north, destination unknown, and will be at home in La Moure, N. D., after October 15.

Mr. Edward L. Richards and Miss Mary B. Palmerton were married by Rev. Millard Brelsford at the Baptist parsonage last evening at 7 o'clock. They were accompanied by Mr. and Mrs. George Beecher, relatives of the bride. Mr. Richards is a prominent young farmer of North street.

At the A. F. F. W. meeting on Tuesday it was decided that this organization and the Red Cross committee will give a farewell dinner to the drafted men of the next increment who leave for the 19th of this month or thereafter. The executive committee will have it in charge, composed of the chairman, Mrs. Robert Biggs; vice chairman, Mrs. J. S. Jones; Mrs. Frank Ray; secretary, Mrs. Fred McCollum; treasurer, Mrs. Ira Perry; Mrs. J. D. Thompson; Mrs. John Geach; Mrs. August Odebrecht, Miss Minnie Jones, Mrs. Burton Case. The Red Cross, The D. A. B. and Daughters of Veterans will be invited to cooperate and the affair promises to be one of the most successful ever held in Granville. Mayor Coons, chairman of the Licking county draft board, will spare no pains in giving the boys a fitting send off.

Miss M. E. Penney of Newark was in her accustomed place at the A. F. F. W. meeting yesterday.

Mrs. Foy of Zanesville, who is spending a few days in Granville, was one of the visitors at the A. F. F. W. and Red Cross headquarters.

Mrs. Ray was unable to distribute yarn for the Red-Cross knitters. Mrs. John Geach reported the contents of two large boxes just shipped and the treasurer, Mrs. Ira Perry, reported a goodly balance on hand.

The president, Mrs. Robert Beggs, has returned from a fortnight visit with relatives in Lorain.

Dr. H. R. Hundley, principal of Doane Academy says that the registration in that department is unusually strong, and that everything promises a successful year. A large freshman class is also reported, all of the upper classmen not in the army seem to be returning, while Shepardson college boasts its usual quota.

The W. C. T. U. will meet with Mrs. Pendleton on Saturday afternoon, August 15th at 2:30 instead of on Friday as previously announced. This will be the annual meeting for election of officers. A large attendance is desired. Topic, "The Outlook." Leader, Miss McCune. Please remember the change of date.

Miss Scott Deming of Indianapolis, accompanied by her niece, Miss Bee Beasley, of Sullivan, Ind., motored through in their roadster Monday, as guests of Mr. and Mrs. L. N. Flory on the Newark road.

MRS. NORDLING OF COLUMBUS SAYS "IT'S WONDERFUL"

"I Shall Keep Nerv-Worth in My Medicine Chest All the Time," She Declares.

This strikingly convincing Nerv-Worth endorsement was given by Mrs. Nordling a few days ago while at Baer's Pharmacy, Wheeling. Her original purchase of this famous family tonic had been made of the Nerv-Worth druggist at Columbus. Now read her reasons for the use of that eloquent word "Wonderful": "I was exceedingly nervous and my system in a terribly run-down condition. I had stomach trouble and indigestion so severe that my food would ferment and I would belch up some sour and bitter stuff. Badly constipated. I did not get any restful sleep but tossed about many hours during the night. I was very weak. Pains in my side and back caused me much misery. After using one bottle of Nerv-Worth MY AILMENTS HAVE ALL DISAPPEARED and I feel as well as ever, strong and vigorous. It is a wonderful remedy in its quick and permanent results, and I shall keep it in my medicine chest at all times. I recommend it to everyone needing the relief I obtained."

HEALING RELIEF FOR TORTURING ECZEMA

Evans Cut Rate Drug Store has sold hundreds of jars of Hekara, and although they offered to refund the purchase price to any dissatisfied purchaser, not one jar has been returned.

While this is surprising in itself yet the most marvelous thing is the reports of chronic cases of eczema that have been cured by this simple skin food. People who have suffered with scales, scabs and even bleeding itching have found relief in Hekara.

No matter where the eczema, pimples or other breaking out occurs, whether on the face, hands, legs or body, the application of Hekara should give quick relief, and even the worst or most chronic cases should be cured in a short time.

You can buy a liberal-sized jar today at the very low price of 35c, and with every package goes Evans Cut Rate Drug Store guarantee to refund the money if it is not satisfactory.—Advertisement.

WANT CHAPLAINS TO
LOOK AFTER LONELY
SOLDIERS FROM OHIO

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Sept. 12.—The Ohio Defense Council today asked aid of chaplains in all Ohio National Guard regiments in cheering up Ohio's "lonesome soldiers" wherever they may be.

In a letter to the chaplains, Fred C. Croxton, vice-chairman of the council said:

"A good sensible letter from a wide-awake citizen of the home community to a homesick soldier, and the warm fellowship it will undoubtedly foster, will do a world of good to these soldiers, besides making them better defenders of their country."

"A great many of the men will have friends at home who will be sure to write frequently. It is the lonesome man whom the chaplains should find, and supply this necessary source of friendship."

The plan urged by Mr. Croxton is this: Chaplains should "size up" their "lonesome men" and forward their names to fraternal organizations, local defense councils, or churches and religious organizations and the like—with the request that these bodies organize "writing circles" to wipe out homesickness by good cheery letters, brimful of home happenings.

SOLDIERS' MEDALS

The Advocate acknowledges a contribution to the soldiers-sailors-service medal fund from Mrs. C. G. Nevins, 123 South Third street.

Editor of The Advocate:—I sent my medal back to you to have a letter changed. My address now is Carl W. Lind, Company B, Military Police, Camp Sheridan, Montgomery, Ala., 37th Div.

Editor of the Advocate:—Many thanks for the medal. They are very appropriate and are admired by all who see them.—Yours truly, Paul Mossman, Camp Sherman, O.

Editor of the Advocate:—I desire to express my heartfelt appreciation of the bronze service medal presented me through you, by the people of Licking county. There comes time in the life of every soldier, when the outlook is dark and he often wonders if his sacrifice is wholly appreciated by "the folks back home." This is a question, however, that no Licking county soldier need ask, for he carries with him undeniable proof of that his service is appreciated. Thanking you and the many contributors to the fund, again I am, very sincerely yours, B. H. Buxton, Bat. E. Second O. F. A., Camp Walbridge, Toledo, O.

Editor of the Advocate:—Received medal presented by people of Licking county through the Advocate. I shall be proud to have it with me in service as a reminder of the best country in the United States and the good wishes of its people.—Very respectfully, Allen G. Crow, (Jacksonstown) Medical Section Reserve Corps, Lansing, Mich.

Editor of the Advocate:—I received your letter in which you ask if I knew any Licking county boys in the navy. There are three Licking county boys at the pier in Boston, who did not receive medals. They are: John Heck, 240 Ash street, Newark, O.; address 4 Div. 2nd Sect., Commonwealth Pier, Boston, Mass.; Clifford N. Spicer, R. D. 3, Utica, O.; address Guard Div. F., Commonwealth Pier, Boston, Mass.; Ralph D. Layman, Utica, O., Guard Div., Commonwealth Pier, Boston, Mass. Thanking you again for the medal which I received, I am sincerely yours, Raymond Knauber, U. S. S. Nevada.

PREPARE FOR FUTURE.
You should prepare for the future by investing in municipal bonds that will bring you a good return on your investment. Many a person in their more mature years would appreciate an income if they had but invested some of their surplus when they were young and able to lay aside some money. Do not be a charge upon some relative or get a friend. Prepare today against the time when your earning capacity has become inadequate. The best investment today is in municipal bonds, such as D. H. Pigg, 703 Trus building, is selling to many Newark people. 12-1t

REFORMATORY BOYS GOOD
FARMERS; HARVEST LARGE

(ASSOCIATED PRESS TELEGRAM)
Mansfield, O., Sept. 12.—Eight acres of potatoes have been dug on the Ohio State reformatory farm and produced one thousand bushels, an average of 125 bushels to the acre. Many acres of potatoes remain to be dug.

Immense crops have been harvested this year on the institution farm. Twenty-five acres of wheat produced 555 bushels; 17 acres of rye 657 bushels; 127 acres of oats, 6,458 bushels; seven acres of barley, 240 bushels. From 150 acres devoted to hay fields, there has been cut 91 tons of timothy hay, 106 tons of clover hay and 22 tons of alfalfa hay.

EX-CONGRESSMAN KERR DEAD.

MOSSER WILL LEAD
OPPOSITION TO CASH
BONUS TO FACTORIES

Manager Geo. H. Mosser will represent the Newark Chamber of Commerce at the annual convention of the National Association of Commercial Organization Secretaries in Chicago, September 24, 25 and 26, at the Congress Hotel. The Ohio Commercial Secretaries' Association will meet in Chicago at the same time.

At the National meeting, Mr. Mosser will lead the discussion on "The Place Industrial Development Should Take In the Work of a Commercial Organization." At the state session he will present a paper on "Industrial Development for Ohio Cities." Both reports will condemn the practice many cities are following in offering cash bonuses for new industries.

A plan will be worked out by the State Association whereby the Chambers of Commerce of Ohio will inform each other of bonus seekers, undesirable promoters and propositions without merit so that their cities may be protected from exploitation. The National Convention will be attended by more than 300 secretaries, of which 75 will be from Ohio.

JUICY HAM

Most everyone likes ham. Especially when its the lean, tasty kind. Want to give the family a treat? Want to lean back with a smile of satisfaction after the dinner—too full for utterance, and beaming with the satisfaction of having the inner-man completely taken care of? Then let us serve you some of our fragrant and tempting ham, baked to a juiciness and tenderness that only our chef knows how. You and the whole family will enjoy it if you come to McDaniel's where you'll be served right. 12-1t

Music

Rural communities in the middle west have forgotten how to express themselves musically. This is not due to disinclination or a lack of patriotism but to a long habit of self-repression. The hour has come when every patriot must defend his liberty. Now that our boys are called to the colors let there be heard above the tramp of marching men America singing.

Walt Whitman with the vision of a seer once said at a time when no man dreamed of wars to come, "I see America go singing to her destiny." Are you a member of the Civic Choral Society? Do not forget the date, Tuesday, Sept. 13, 7:30, Taylor Hall.

LETTER FROM RUSSIA
49 DAYS ON WAY
TO SUPT. STEVENS

Donald F. Stevens, B. & O. superintendent, has just received a letter from his brother, Eugene, who is secretary of the Russian Railway Commission of which his father, Hon. John F. Stevens, is the head. The letter written at Petrograd, Russia, July 23, says in part:

The anarchists have stirred up quite a row in Petrograd and beginning last Monday night they started to shoot up the town. It was mostly machine gun shooting, but believe me, that's quite enough for me. They got hold of some loafing soldiers and made an armed demonstration which ended by general shooting. After a few days however, the government got control of things and now all seems quiet. Up to yesterday, every little while some sniper would fire a few shots on a government patrol, then an armored car was hushed up and the person dislodged from some roof or window. During the last week two government brought 60,000 men back here from the front to clean up the situation. The news we are now getting from the Russian front is pretty bad. They say that the men are throwing down their arms and retreating. The German propaganda here is appalling. So if the soldiers don't want to fight goodness knows there is nobody to make them. Premier Kerensky seems very popular and is full of life and action. We all are well as we could be in Russia. It surely is getting monotonous to sit down to exactly the same meals day in and day out. . . . Prices here at the hotel are terrible. It costs in our money about \$4 to get a lunch or dinner . . . However, this is a great country and if they ever get it straightened out it will be as prosperous and good as any country in the world. . . .

DR. GUNSAULUS TO
ADDRESS CHURCH
CONVENTION OCT. 10

Columbus, Sept. 12.—Son of Ohio and pastor of a Columbus church 36 years ago, Rev. Dr. Frank W. Gunsaulus, a national figure in Congregational affairs and those of education, will pay a brief visit to Columbus, Oct. 10, when he addresses the national council of Congregational churches.

Rev. Dr. Gunsaulus is a man who in every line of his endeavor has been crowned with success, from preaching to conducting the Armour Institute of Technology, Chicago, with 1200 students. In gaining his high position he once expressed of a clergyman's ability to become a power in the nation equally with other professional men.

His advice to young men is: "Find out clearly all about the need in a certain direction and then lead on to the alleviation of it." His own career has been an exemplification of this motto.

Rev. Dr. Gunsaulus was born in Chesterfield, 1856. Rev. Dr. Washington Gladden, pastor emeritus of First Congregational church, was an early friend.

In his individualism Rev. Dr. Gunsaulus is Rooseveltian. He is a fighter, a wonderful preacher, a teacher, and an executive.

The national council is the one big gathering of the Congregationalists. Its deliberations will continue from Oct. 10 to 17. Other famous ministers and laymen are scheduled to speak.

BURNING?

The coal question is still a burning one, and will continue to be one. There are many kinds of coal—some better than others, as you have already experienced. There is no use buying a coal that will fill the house with dirt and clog the furnace or heater with soot, when you can get a coal that is nice and clean, produces the right amount of heat with the least amount of attention. Get that good coal, DIXIE, and you'll be surprised how clean and economical it is. Auto phone 7099, the Dixie Coal Co. 12-1t

Don't Let Soap
Spoil Your Hair

When you wash your hair, be careful what you use. Most soaps and prepared shampoos contain too much alkali, which is very injurious, as it dries the scalp and makes the hair brittle. The best thing to use is just plain milled coconut oil, for this is pure and entirely greaseless. It's very cheap, and beats the most expensive soaps or anything else all to pieces. You can get this at any drug store, and a few ounces will last the whole family for months. Simply moisten the hair with water and rub it in, about a teaspoonful is all that is required. It makes an abundance of rich, creamy lather, cleanses thoroughly, and rinses out easily. The hair dries quickly and evenly, and is soft, fresh looking, bright, fluffy, wavy and easy to handle. Besides, it loosens and takes out every particle of dust, dirt and dandruff. (Advertisement)

REASON WHY.
Why should you have your shoes repaired, when you can get a new pair? One reason is that a new shoe always must be "broken-in" before it fits the foot, the old pair always feels the best. For economical reasons you should have them repaired. Leather today is more scarce than it has been for years. New shoes have advanced to nearly double their former price. Another reason the best leather obtainable today is not near so good as in former years. You can have your old shoes made like new at Wm. Fishbaugh & Sons, 57 Hudson avenue. They will wear well and your feet will feel better in the old ones. Come in. No long waits. 12-1t

USE FERTILIZER.
Experience is a double-edged sword, has been proven time and again. If you have experienced difficulty in raising wheat, corn or oats you should investigate and see if your soil does not need a tonic in the form of a good fertilizer. Soil is like a person. If you work until you have used up all your energy you become weak and languid and cannot begin to do a day's work. Neither can the soil produce a full crop if you have not given it a chance to recuperate by feeding it the proper fertilizer. We have the best fertilizers and can help you select the kind best suited to your soil needs. Morgan & Roberts, 82 Canal street, Newark, O. 12-1t
